## Company

KB Sheetmetal Fabrication, Inc. is a local leader in sheetmetal fabrication, tube-bending, and CNC machining. Our facility is equipped with state-of-the-art machineries and software which improve product speed and accuracy, and enables us to rapidly respond to our customers's requirements. Our staff of engineers, CAD designers, and highly-trained manufacturing professionals literally have a combined experience of over 100 years. We serviced many different industries, including medical supplies, electronics and computers and ATV racing.

At KB Sheetmetal, Driven by Design, Focused on Service, and Committed to Quality are not only our mottos, they are our goals.

***Driven by Design** - From early in your design cycle, our CAD designers can collaborate with you to come up with innovative designs suitable for manufacturability, and techniques to save time and money.*

***Focused on Service** - We understand that for us to be successful, our customers have to be successful. Together as a team, we will work with you to service your requirements, whatever they might be.*

***Committed to Quality** - At KB Sheetmetal, quality is job one. Rejects and reworks are costly to us and cause delays to our customers. Our quality control policy conforms to the ISO 9001:2000 standards.*

## Services

KB Sheetmetal is committed to provide high quality services to our customers. We have collaborated with our customers on products ranging from small brackets to nerf bar on ATV vehicles, to large metal cases, all with the lowest reject rates among all suppliers. We provide a wide range of services, which include:

- Precision sheet metal
- Tube bending
- Prototype
- Production
- Welding
- Spotwelding
- Plating
- Painting
- Silkscreening
- Riveting to finish
- Machining
- Assembly
- Technical support
- CAD/CAM design and programmin

# Equipment List

Amada Pega-357 Punch Press with 56 stations & 2 auto indexes

2 - Amada Pega-345 Punch Press with 56 stations & auto indexes

2 - Amada Brake Press 8' 80 ton with automatic gauge NC9-EX control

3 - Amada Brake Press 6' 50 ton with automatic gauge NC9-EXII control

Amada Shear with 7-1/8 feet capacity

Weld Miller Millermatic Vintage MIG

Weld Miller Syncrowave 250 TIG full function

Weld Magnum

Spotweld Entron EN1000 30 KVA resistance welder

3 Haegar Hardware Insert with auto feeder

Vertical Mill 10" X 40"

Lathe 16" X 40"

Sander Time Saver 37" wide line grainer

Mitre Saw Band with variable angles

Cut-off Saw Daton Die

2 - Drill Press 20" high

Amada Power Notch

Roller Prestige 50"

3 - Makita 4-1/2" Disc Grinder

2 - 2" X 48" Belt Sanders

2 - 24" X 36" Granite Surface Plate

Mitutoyo 24" & 18" Digital Calipers

Mitutoyo 12" Dial Calipers

Pin Gauge from 0.060 to 0.500

Gauge Block form 0.500 to 4.000 Mitutoyo  
2" Micrometer

7 - 180 degrees Protractors

7 - 90 degrees Squares
